Bull Creek Tech

USB-A Extension Cable 6 Inch (M/F)/ USB-A Extension Cable — Add Reach to Existing Peripherals

SKU: USBAEX6IN
MSRP: $14.99

UPC: 810189122710

- USB-A male-to-female extension cable — adds reach to existing USB peripherals
- Use to extend keyboards, mice, webcams, USB hubs, license dongles, printers and scanners
- USB 3.0 (5 Gbps) signal integrity
- Tested for compatibility with all USB-A host systems and peripherals
- Backed by a 2-Year Limited Warranty

Bull Creek Technologies USB-A extension cable adds reach to existing USB peripherals — perfect for moving a webcam to the top of a monitor, putting a wireless dongle in line of sight, getting a license dongle out from behind a server rack, or extending a printer or scanner cable to a more convenient location.

Premium-shielded conductors maintain USB 3.0 (5 Gbps) signal integrity across the full cable length, so you don't lose data throughput when extending. Tested with keyboards, mice, webcams, USB hubs, license dongles, printers, scanners and other USB-A peripherals.

Plug and play — no drivers required. Backed by a 2-Year Limited Warranty.
