

USB-A Extension Cable 6 Ft (M/F) / 5 Gbps

SKU: USBAEX6FT

MSRP: \$14.99

UPC: 810189121775

- **Extended Reach:** Adds 6 feet of flexible length to your existing USB-A cable for easier device positioning.
- **Reliable Performance:** Supports USB 3.0 data transfer speeds up to 5 Gbps for dependable connectivity.
- **Universal Compatibility:** Works seamlessly with keyboards, mice, printers, webcams, and more.
- **Durable Design:** Features molded strain relief and reinforced connectors for long-lasting use.

Extend your connectivity with the Bull Creek Technologies USB-A Extension Cable (6 Ft, M/F). This essential accessory is perfect for situations where your existing USB cable falls just short—whether you're rearranging your workspace, adding peripherals to a desktop, or creating a more convenient charging setup. With a full 6-foot extension, you can position your devices exactly where you need them, without sacrificing speed or reliability.

Engineered for performance and built to last, this extension cable supports USB 3.0 data transfer speeds up to 5 Gbps—making it ideal for everything from office productivity to casual home use. Reinforced connectors and strain-relief construction ensure durability in demanding environments, while universal compatibility guarantees smooth operation with a wide range of USB devices. Trust Bull Creek Technologies for the right blend of performance and practicality.
