

## USB-A to USB-C 10ft Cable 5Gbps / USB-A Host to USB-C Device

SKU: USBAUUSBC10FT

MSRP: \$16.99

UPC: 810189121782

- **High-Speed Data Transfer:** Supports USB 3.2 Gen 1 speeds up to 5Gbps for fast file transfers and reliable performance.
- **Extended Length:** 10-foot cable offers added flexibility for charging or connecting devices at a distance.
- **Versatile Compatibility:** Connects USB-C devices to standard USB-A ports—ideal for docking stations, printers, and other USB-C peripherals.
- **Durable Construction:** Reinforced strain relief and quality materials ensure long-term durability and everyday reliability.

Power and sync your USB-C devices with ease using the Bull Creek Technologies USB-A to USB-C 10-Foot Cable. Engineered for performance, this cable delivers fast USB 3.2 Gen 1 transfer speeds up to 5Gbps—perfect for transferring large files, backing up data, or connecting to select compatible docking stations. The 10-foot length offers the convenience and reach you need for charging or connecting your devices in hard-to-reach areas, whether at home, in the office, or on the go.
